These mpg figures are the results of approved tests as recorded by the Department of Transport in official fuel economy certificates. Figures in brackets are L/100 km.

### UNLIMITED MILEAGE WARRANTY

During the first twelve months the models described in this leaflet are covered by an unlimited mileage warranty including both parts and labour, together with free breakdown recovery to the nearest Peugeot Talbot Dealer, should it ever be needed. Cars used for competitions are excluded from the benefits of this warranty.

### 6-YEAR ANTI-PERFORATION WARRANTY

Because extensive perforation protection measures are applied during production, we also offer a 6-year anti-perforation warranty safeguarding you against the cost of repair of bodywork perforation due to corrosion. To benefit from this warranty involves only two checks of the car (taking about 2 hours depending on the model, carried out at the expense of the customer at the end of the second and fourth years of service) at a Peugeot Talbot Dealer. This 6-year anti-perforation warranty is transferable on change of ownership.

### TALISMAN

Talisman Mechanical Breakdown Insurance policies are available for owners who wish to purchase additional cover at the end of the 12 months warranty period.
