

# Horizon Silver Fox

## Style and Comfort with Economy

Everything about the new Horizon Silver Fox spells style, comfort and economy. Its looks alone set it apart – smart two-tone metallic paint finish in Silver and Fox Grey, aluminium alloy wheels fitted with 155 x 13 tyres, tinted glass sunroof and 'Silver Fox' decals make this a very distinctive car.

The sunroof when closed gives a feeling of spaciousness. Tilted, it provides ventilation and when completely removed allows maximum fresh air and sunshine.

The interior is enhanced by the attractive two-tone seat trim. The seats are faced in grey cloth with grey Caviar cloth inserts. For extra comfort the front seats fully recline and are fitted with adjustable head restraints.

Standard equipment inside includes a push-button radio, quartz clock, front door pockets, remote control driver's door mirror, and other little details like a cigar lighter, glovebox with lid and a passenger vanity mirror.

Comprehensive instrumentation includes an econometer incorporated

within the speedometer. This tells you at a glance whether you are getting the maximum economy at any given speed when driving in top gear.

The tailgate lifts automatically and provides access to 6.7 cu.ft. of luggage space, fold the rear seat down and there's 42 cu.ft. available with full estate car versatility.

Equipped with a powerful 1442 cc 64 DIN bhp transversely mounted engine the 'Silver Fox' has a top speed of up to 95 mph and accelerates from 0-60 in around 14.3 seconds.

Fuel consumption is over 51.0 mpg at a constant speed of 56 mph.

The Horizon Silver Fox is covered by Talbot's six year anti-corrosion warranty which safeguards you against the cost of repair of bodywork perforation due to corrosion.

This new warranty plus the unlimited mileage warranty and the Extra Care Policy gives a unique triple cover. For further details see Horizon GL specification on Pages 24 and 25.
